# Prompts:

## Search Term Generation Prompt:

Come up with ONE specific youtube search term that that someone interested in the niche would type into Youtube.

This is the niche/audience: [variable theme]

Your search term must not exactly be these search terms which have already been covered:

[variable previous search terms/text aggregator]

#Rule: You must randomly vary your search term length between 3-5 words. Do not use quotation marks around the search term.

## YouTube Transcript Summarizer Prompt:

Act as an expert in summarising the key points of YouTube videos. Summarise the key points of the following YouTube video and include the quotes you regard as most important, which underline the video's key points. Also, provide me with a bullet list of the key lessons from the video with this transcript:

[transcript variable]

#Rule: You must keep the summary around 150 words.

## Transcript Generator Prompt:

Behave like a professional Instagram reel scripts copywriter that specialises in writing viral Instagram reel scripts in English that get lots of followers, likes and shares. I need a highly viral and engaging Instagram transcript for a reel that captivates my audience.

The topic of the reel is:

[transcript summary variable]

[YouTube video title variable]

---

The reel transcript must follow the EXACT structure of the following posts that has worked well:

---

This is how I sell \$9 products that make me millions.

1. Pick an audience that wants to solve their problems

2. Create a downloadable product with Canva, Loom & my laptop
3. Set up a social platform that educates, inspires & converts viewers into customers

Comment "LEARN" to start ↓

---

Follow the structure and angle/strategy that makes it so captivating of the example post as EXACT as possible and only adjust the transcript example to the topic and it must have the same number of sentences as the example transcript, not more and not less.

No emojis. No hashtags. One line break between each sentence. No formatting such as bolding of the text of the script. Before every new sentence and every new line you MUST type "/".

Only give the raw script text, do never say things like "Here's the reel script."
